

TRACKLESS FLUSH SHEETS

WHAT ARE TRACKLESS FLUSH SHEETS (TFS) **NON-HOLDING/SEPTIC-TANK APPLICATION**

Non-Holding & Septic Tank Trackless Flush Sheets (TFS) designed for people on the go. Professionals in the home or business that use the bathroom facilities where there is no toilet brush available. Trackless Flush Sheets, without bacteria-enzymes, are portable and convenient for Realtors, Inspectors, Repairmen, and medical personal working the home or business.

Family and friends that camp in Campers & Travel Trailers benefits when using Trackless Flush Sheets to avoid those embarrassing situations when there's no toilet brush available.

When using Trackless Flush-Sheets, there is no need to flush multiple flushes or purchase expensive, chemical-laden cleaning products to clean the Commode. Our flush-sheets keeps your toilet free of tracks, and hard water build-up left behind.

HOW TFS WORK

Place the Trackless Flush Sheet into the Commode before use. After the flush-sheet is in the toilet, it will sink to the bottom of the toilet bowl, creating a barrier/coating between the sides of the Commode and the future waist. When the toilet is flushed, the flush-sheet folds around the waist, carrying it into Sewer lines, Saving money and the environment is our goal for everyone that uses our flush-sheets. Our specially designed flush-sheets, without bacterial-enzymes, is a leading-edge solution for recreation vehicle enthusiasts, homeowners, and businesses. Trackless Flush Sheets designed to eliminate tracks and leave the Commode fresh and clean without the need to treat or maintain holding/septic tanks.

Ordering our flush-sheets online is secure and easy with our online shopping cart. You place the order; we process the order and ship direct to the customer. With our "Auto Reorders." you will never be without trackless flush sheets. For the RVers, we ship next-day to any RV-park in America.

Never be concerned about not having a toilet brush available. TFS is the answer to a safe, clean, and odor-free facility without costly chemicals and cleaning products that are unsafe in the home or business.
